

Staff Senate Biography

Name: Courtney Martin

Job title: Director of Marketing and Enrollment

School or Division: School of Public Health

Tenure at LSUHSC: 5 years

What do you hope the Staff Senate accomplishes, and why are you a Senator?

I hope the Staff Senate will amplify staff voices, foster transparency, and advocate for policies that support a more inclusive and engaged campus community. I became a Senator to help ensure staff perspectives are represented, especially those from the smaller schools or groups on campus, and to contribute to positive, collaborative change across the institution.

Why do you enjoy working at LSUHSC?

One of my favorite things about working on this campus is the incredible colleagues who have become friends along the way.
