

Staff Senate Biography

Name: Cody Palazzolo

Job title: Graduate Studies Administrator

School or Division: School of Graduate Studies

Tenure at LSUHSC: 2.5 years

What do you hope the Staff Senate accomplishes, and why are you a Senator?

I would be beyond content if, at the end of my tenure as President of Staff Senate, all staff have a sense of belonging on campus. Showing up to work and collecting a paycheck is one thing, but feeling like your career is where you *belong* brings a sense of humanization that I truly value on the highest gradation. I want all staff to feel that way.

Why do you enjoy working at LSUHSC?

At LSUHSC, if you ever need help, *you need only ask*. I feel that helping others comes from a genuine place internally without any judgement. There's real heart here that you don't find often in other workplaces.
