What do you hope the Staff Senate accomplishes and why are you a Senator?

I believe it is important to actively participate in creating an effective and positive work culture. As such, I wanted to serve as a Staff Senator to advocate for my fellow staff members in ways that will show them that LSUHSC is committed to them both as employees and as individuals. I believe that the Staff Senate will be instrumental in developing social and professional opportunities that will assist staff members in achieving their full potential.

Why do you enjoy working at LSUHSC?

I have worked in higher education for over a decade, but it wasn't until I began working at LSUHSC that I became part of a community that truly believes in continued professional and personal growth for not just students and faculty, but for staff as well. I enjoy working in an environment where I am pushed to be the best employee I can be and work around others who are committed to fostering an atmosphere where we can help each other to thrive.
